

***Moving to
Cummings Cove!***

Cummings Cove's private road system was designed to preserve the beauty of the natural terrain. This can make moving day more challenging since moving vans over 65 ft. long will not be able to navigate these roads. **Please discuss this with your moving company and make arrangements for a shuttle service if your moving van is over 65 ft. long.**

If you are moving to a neighborhood like Laurel Ridge Cottages, Heron Pond, Golf View Townhomes, **the maximum length for a moving van is 40 ft. A shuttle service will be necessary for any truck or trailer over 40 ft. long in any neighborhood where access is especially steep and/or narrow. ***

For pick up of your moving boxes, please contact Maybin's Trash Service at 828-692-9872. There is an additional charge for this special pick-up service.

***Moving vans must use our construction gate
Please contact our office for the construction gate code (828-891-5848)
Construction gate hours are from 7 am until 7pm daily**
