

GRANDPARENT'S CLOSET

Having grandchildren, nieces, nephews, or tiny friends visiting? Need a portable crib, highchair, or other little one's equipment? Just the right thing might be close at hand.

Cummings Cove neighbors have donated items for loan in our Grandparent's Closet. The "closet" is located next to the cart barn, below the dining room in the clubhouse. You can access the room any time the golf shop is open. Just go past the carts to the room on the left side.

You may borrow any of the items; no sign up or sign out is required. Just return the items clean and in good working order when you have finished using them.

At present there are several pack and play sets, high chairs, boosters, car seats, baby gates, and a bouncer. We do not have toys and aren't accepting them at this time. Space is limited and we want to focus on the larger items.

If you want to donate items to the closet or have questions, please contact Dorothy Donelson.

MEDICAL EQUIPMENT CLOSET

There is a medical loan closet housed in the same room. You will find a variety of medical aids: canes, crutches, toilet chairs, shower stools, etc. As with the Grandparent's Closet, you need not reserve these items. Just take the items you need and return in good working order when you are finished with use.
